

## **Climbing up the steps along a mountain trail in Nepal**

## **Climbing up the steps along a mountain trail in Nepal**

## **Climbing up the steps along a mountain trail in Nepal**

A tourist climbing up stone steps along a portion of trail en route from Birethanti to Nayathanti. The woman holds an umbrella to shield herself from the sun. There are five separate climate regions in Nepal, and the weather can vary greatly depending on the region and the altitude. In general, Nepal shares the same latitude as Florida.
