

Farmer leans over and washes his feet after long day working wet-rice fields

Farmer leans over and washes his feet after long day working wet-rice fields

A Balinese farmer wearing shorts, T-shirt, and straw hat leans over and washes his feet in irrigation canal water after a long day working his two newly flooded rice fields. Because the soil is wet and sticky, the farmer has worked barefoot all day. He now cleans his feet before returning home to rest at sunset.
