

## Lyndon Johnson signing Civil Rights Act of 1964

### Lyndon Johnson Signing Civil Rights Act of 1964

President Lyndon Johnson signs the Civil Rights Act of 1964 into law. Martin Luther King, Jr. is among those looking on. Note all of the pens Johnson has. The tradition to use multiple pens dates back to President Franklin Roosevelt. The pens are engraved and gifted to the main supporters of the new law. You might think, it is just a pen, but through political leaders', such as presidents, governors, mayors, use and the document's significance the pens gain historical importance. Therefore, the pens are mementos; objects holding a significant memory.

**Usage Statement:**

## Public Domain

Public Domain is a copyright term that is often used when talking about copyright for creative works. Under U.S. copyright law, individual items that are in the public domain are items that are no longer protected by copyright law. This means that you do not need to request permission to re-use, re-publish or even change a copy of the item. Items enter the public domain under U.S. copyright law for a number of reasons: the original copyright may have expired; the item was created

by the U.S. Federal Government or other governmental entity that views the things it creates as in the public domain; the work was never protected by copyright for some other reason related to how it was produced (for example, it was a speech that wasn't written down or recorded); or the work doesn't have enough originality to make it eligible for copyright protection.
