Masthead from the North Carolina Gazette, 1777

James Davis originally published the North-Carolina Gazette from 1751 until around 1760. He began a new newspaper, The North-Carolina Magazine; Or Universal Intelligencer in 1764 and published this until around 1768. In May 1768 he started over again, this time returning to his original title. The new North-Carolina Gazette lasted until 1778.

Citation (Chicago Style): *The North Carolina Gazette*. August 1, 1777.

Usage Statement:

Public Domain

Public Domain is a copyright term that is often used when talking about copyright for creative works. Under U.S. copyright law, individual items that are in the public domain are items that are no longer protected by copyright law. This means that you do not need to request permission to re-use, re-publish or even change a copy of the item. Items enter the public domain under U.S. copyright law for a number of reasons: the original copyright may have expired; the item was created by the U.S. Federal Government or other governmental entity that views the things it creates as in the public domain; the work was never protected by copyright for some other reason related to how it was produced (for example, it was a speech that wasn't written down or recorded); or the work doesn't have enough originality to make it eligible for copyright protection.
