## Student work: Coastal brochure

Adapted student work provided by Anne Hawkins, Melodie Hunsberger, and Mary-Elizabeth Robinson.

Advertising the Coast

For one project among the assignment choices, students were asked to create a brochure highlighting their region of North Carolina. This image shows one side of a student's tri-fold brochure advertising coastal attractions.

### North Carolina Coastal Plains Attractions

#### Beaches

Relax, kick back, and enjoy the beautiful weather. On the coast, it is more crowded but there are hotels and lots of restaurants. If you want to have peace, go to the beaches on the Outer banks. Where there, you can have amazing seafood or get your own by fishing.

#### Cape Fear Serpentarium

Cape Fear serpentarium is a place where there are lots of reptiles and serpents such as bushmaster snakes, crocodiles, and komodo dragons. It also has a little African museum.
