

## **concept map** <sup>[1]</sup>

### **Type of Speech:**

noun <sup>[2]</sup>

### **Definition:**

An organizational strategy or tool that represents knowledge in visual form (such as a graph or diagram). Concept mapping facilitates student understanding of the relationships between keywords or concepts through visual representations.

### **Additional Information:**

Concept maps can be used for brainstorming, to visually represent complex ideas, to integrate prior and new knowledge, or to outline a writing assignment or project.
