

Great Deed of Grant ^[1]

Great Deed of Grant

by Edward Smith, 2006

Great Deed of Grant (1668) was a petition from the [Lords Proprietors](#) ^[2] of Carolina permitting settlers in [Albemarle County](#) ^[3] to hold land under terms equivalent to those offered settlers in Virginia. The petition was submitted by the Grand Assembly of Albemarle County to the Proprietors to encourage settlement in the county by removing the disparity between the landholding terms of Albemarle and those of Virginia. Virginia landholders were permitted to hold larger tracts than settlers in Albemarle County, and were charged a much lower [quitrent](#) ^[4] (a rent paid in lieu of service by feudal custom) than was the case in Albemarle and which was payable in produce. The granting of this petition on 1 May 1668 removed these formidable barriers to the growth of Albemarle County.
