^[2]Clement Samuel Brimley, zoologist and entomologist, was born in Great Linford, Buckingham County, England, the son of Joseph and Harriet Brimley, who immigrated with their family to Raleigh in December 1880. He received formal education at the Bedford County School in Elstow, England.

Shortly after arriving in North Carolina, Brimley and his brother ^[3]Herbert opened a taxidermy and biological supply company in Raleigh, where they quickly established an international reputation as the leading naturalists of their time in the South. While Herbert became increasingly occupied with the activities of the North Carolina State Museum, Clement continued the operation of their business and prepared numerous papers on the birds, mammals, reptiles, amphibians, and insects of the Southeast, these writings appearing in the *Ornithologist and Oologist*, *Auk*, *Chat*, *Journal of the Elisha Mitchell Scientific Society* ^[4], *Copeia*, *Proceedings of the Biological Society of Washington*, and *Carolina Tips*.

In 1919, Brimley joined the Entomology Division of the North Carolina Department of Agriculture ^[5], eventually becoming associate entomologist and director of the museum's insect collection. He collaborated with T. G. Pearson ^[6] and with his brother Herbert in writing *Birds of North Carolina* ^[7] (1919 and 1942) and with H. T. Davis in *Poisonous Snakes of the Eastern United States*. His *Insects of North Carolina* (1938) and his papers "Amphibians and Reptiles of North Carolina" (1939–43) and "Mammals of North Carolina" (1905 and 1944–46) were definitive compilations in their field. He was a member of the American Ornithologists' Union, Wilson Ornithological Society, and American Society of Mammalogists. He was a founder, life member, and president of the North Carolina Academy of Science ^[8] and founder and president of the North Carolina Bird Club. In June 1938 he was awarded an honorary LL.D. from The University of North Carolina ^[9] in recognition for his contributions to science.

Brimley was married to Annie Roberts; they had two sons, Ralph and Edwin. His brother Herbert was director of the North Carolina State Museum. Clement Brimley was a member of the First Presbyterian Church of Raleigh and was buried in Oakwood Cemetery.
